Blizzard 36" Range, Blast (D6). Indirect. Critter's 24" Range. Roll to damage as normal. If one or more points of damage are scored, the target unit is Disordered. Once a hit is scored by this spell it may not be used again by this caster for Call the remainder of the game. Crushing All melee hits inflicted by the unit have a + (n) modifier when rolling to damage. Strength Fireball Spell. Range 12". When targeting enemy units in cover or with the Stealthy special rule, these attacks hit on a 5+ instead of 4+. The unit can move over anything (blocking terrain, enemy units, friendly units when charging, Fly etc.), but still cannot land on top of them. The unit does not suffer hindered charges for moving over difficult terrain or obstacles, unless it ends the move within or touching them. The unit also has the Nimble special rule. While Disordered, units lose the Fly special rule including the Nimble that it grants. If the unit has Nimble for a different reason (ie: Individual) then they will remain Nimble while Disordered. Formation: Formation must contain: 2x Paladin Knights Regiments Holy Lancers 1x Gnaeus Sallustis [1] Each unit of Paladin Knights in this formation is granted the Elite special rule. **Formation:** Formation must contain: Retribution 1x Ur-Elohi of the 2x Elohi Hordes Heavens Each unit in this formation is granted the Vicious special rule. **Headstrong** Whenever the unit begins a turn Wavering, it rolls a die. On a 3+ it shrugs off the effects of Wavering and is Disordered instead. Heal Spell. Range 12". Friendly unit only, including units engaged in combat. Hits don't inflict damage. Instead, for every hit 'inflicted', the friendly unit removes a point of damage that it has previously suffered. Hex 30" Range. Instead of causing damage, if one or more hits are scored, the target enemy unit receives a point of damage each time it rolls a hit with a spell during its next turn. A Nerve Test is not required for damage caused by this spell. Individual Line of Sight Before being given an order, an individual may pivot to face any direction for free. Individuals never block line of sight or offer cover against ranged attacks. Move Individuals have the Nimble special rule. Shooting Individuals may pivot to face any direction for free before picking a target in the shooting phase. Enemies shooting against Individuals suffer an additionals -1 to hit modifier. Melee When charging an individual, a unit must make contact with the face that they started in as normal, however the Individual will turn to align flush with the unit's facing, rather than the unit aligning to the individual's facing. Enemies never double/treble their Attacks when fighting the individual. Similarly, the individual does not double/treble its own attacks when attacking an enemy in the flank/rear. It does still treble its attacks against war engines, however. If an individual is routed and the charger (including another individual) decides to advance D6" directly forward, it can make contact with another enemy unit. In melee, enemies treble their attacks when attacking War Engines with the Individual special rule.

Inspiring	If this unit, or any friendly non-allied unit within 6" of this unit, is Routed, the opponent must re-roll that Nerve test. The second result stands.
Iron Resolve	If this unit is Steady as a result of a nerve test, it regains 1 point of damage previously suffered.
Lute of Insatiable Darkness	This artefact can only be used by Heroes. The Hero has the Bane-Chant (2) spell.
Maccwar's Potion of the Caterpillar	The unit has the Pathfinder special rule.
Nimble	The unit can make a single extra pivot of up to 90 degrees around its centre while executing any move order, including a Charge! It cannot make this extra pivot when ordered to Halt. In addition, the unit does not suffer from the -1 to hit modifier for moving and shooting. When Disordered by a unit in melee with either the Phalanx or Ensnare special rule, this unit loses the Nimble special rule until the end of its following turn.
Thunderous	All melee hits inflicted by the unit have $a + (n)$ modifier when rolling to damage. This bonus is

- **Charge** in addition to the unit's Crushing Strength (if any), however, the unit loses this bonus when Disordered and reduces this bonus by 1 when Hindered.
- **Vicious** Whenever the unit rolls to damage, it can reroll all dice that score a natural, unmodified 1.
