Brutal	When testing the Nerve of an enemy unit in melee with one or more of your units with this rule, add +1 to the total.
Crushing Strength	All melee hits inflicted by the unit have a +(n) modifier when rolling to damage.
Firebolts	Range 18".
Fly	The unit can move over anything (blocking terrain, enemy units, friendly units when charging, etc.), but still cannot land on top of them. The unit does not suffer hindered charges for moving over difficult terrain or obstacles, unless it ends the move within or touching them. The unit also has the Nimble special rule. While Disordered, units lose the Fly special rule including the Nimble that it grants. If the unit has Nimble for a different reason (ie: Individual) then they will remain Nimble while Disordered.
Fury	While wavered, this unit may declare a Counter-Charge.
Individual	Line of Sight Before being given an order, an individual may pivot to face any direction for free. Individuals never block line of sight or offer cover against ranged attacks. Move Individuals have the Nimble special rule. Shooting Individuals may pivot to face any direction for free before picking a target in the shooting phase. Enemies shooting against Individuals suffer an additional -1 to hit modifier. Melee When charging an individual, a unit must make contact with the face that they started in as normal, however the Individual will turn to align flush with the unit's facing, rather than the unit aligning to the individual's facing. Enemies never double/treble their Attacks when fighting the individual. Similarly, the individual does not double/treble its own attacks when attacking an enemy in the flank/rear. It does still treble its attacks against war engines, however. If an individual is routed and the charger (including another individual) decides to advance D6" directly forward, it can make contact with another enemy unit. In melee, enemies treble their attacks when attacking War Engines with the Individual special rule.
Inspiring	If this unit, or any friendly non-allied unit within 6" of this unit, is Routed, the opponent must re-roll that Nerve test. The second result stands.
Lifefeech	In a melee, this unit regains one point of damage it has previously suffered for every point of damage it deals, up to a maximum of n.
Lightning Bolt	Spell. Range 24". Piercing (1) – roll to damage as normal. When targeting enemy units in cover or with the Stealthy special rule, these attacks hit on a 5+ instead of 4+.
Maccwar's Potion of the Caterpillar	The unit has the Pathfinder special rule.
Piercing	All ranged hits inflicted by the unit have a +(n) modifier when rolling to damage.
Regeneration (5+)	Every time this unit receives an order (including Halt!), before doing anything else, roll a number of dice equal to the amount of damage currently on the unit. For every result of 5+, the unit recovers a point of damage.
Shambling	The unit cannot be ordered 'At the Double', except when carrying out a Vanguard move.

Soul Drain The Well of Souls pulls the life force from the enemy and feeds the Abyssal army. When the Well of Souls is given an order, it may take up to 20 points of damage on itself. However, this cannot take it to more than 20 damage in total. For each point of damage taken in this way, it may remove one point of damage from a friendly non-Allied unit within 9". The Well of Souls will not take a nerve test for damage taken in this way.

Thunderous Charge All melee hits inflicted by the unit have a +(n) modifier when rolling to damage. This bonus is in addition to the unit's Crushing Strength (if any), however, the unit loses this bonus when Disordered and reduces this bonus by 1 when Hindered.

Vicious Whenever the unit rolls to damage, it can reroll all dice that score a natural, unmodified 1.
